Since few days there has been a tremendous fluctuation in the temperature. To prevent the spread of the virus, we would like to call on you to maintain a hygienic household and help us in providing your child a safe learning environment. Please pay attention to the following measures:

- Pay attention to the health condition of your child. If he/she has fever or symptoms of influenza/Scarlet fever, he/she should refrain from coming to the school and should seek immediate medical care.
- Check your child's body temperature daily before sending him/her to school, please refrain from sending the child to school if abnormality is detected.
- To prevent infection, please give tissue paper to your child everyday before coming to school and remind them not to share towels or tissue papers with others.
- If your child is confirmed of having contracted fever or symptoms of influenza/Scarlet fever, he/she should not go to school unless he/she has fully recovered and is recommended to do so by the Centre for Health Protection.

To provide your child with a safe learning environment, we need your full support and co-operation. For the sake of your child and others, we hope that you can strictly follow the measures mentioned above.

近日天氣乍暖還寒，陰晴不定，謹請家長注意下列事項：

防止疾病傳播是每個市民的責任。我們籲請家長除加強家居衛生外，繼續和我們合作，為貴子弟提供一個安全的學習環境。謹請各位家長留意以下各項，並切實執行：

- 留意貴子弟的健康情況，如有發燒，流感/猩紅熱病徵，應立即求醫，勿強行上學。
- 每天上學前為貴子弟量度體溫，如發現其不適，請勿回校上課。
- 為防感染，請促請貴子弟每天上學時要自備紙巾，提醒他們不應與他人共用毛巾或紙巾。
- 如貴子弟曾發熱或有流感/猩紅熱病徵，必須待完全康復及經衛生防護中心指示後才可回校上課。

要為貴子弟提供一個安全的學習環境，除了校方的努力外，我們還需要家長的支持和合作。為己為人，我們懇請家長切實執行上述各項措施。
